EXAMINER: Initial if reference considered, whether or not cliation is in conformance with MPEP 609. Draw line through cliation if not in conformance and not considered. Include copy of this form with next communication to applicant.

Applicant's unique citation designation number (optional). See Kinds Codes of USPTO Patent Documents at www.uspto.gov or MPEP 901.04. See Find issued the Applicant's unique citation designation number (optional). For Japanese patent documents, the indication of the year of the reign of the emperor must precede the scrial number of document, by the two-letter code (WIPO Standard ST.3). For Japanese patent document under WIPO Standard ST.16 if possible. Applicant is to place a check mark the patent document. Kind of document by the apopropriate symbols as indicated on the document under WIPO Standard ST.16 if possible. Applicant is to place a check mark there if English language Translation is attached.
